

A new dimension of freedom

Discover the boat for the new breed. The high performance, lightweight family boat combining the Rigid Inflatable Boat (RIB) concept, carbon technology and intelligent contemporary Scandinavian design offers more freedom for the active family to explore than ever before.

Lightweight, environmentally friendly and fun to drive. The 800 is the latest development in the unique Agapi boat concept for the premium mass market, built using lightweight construction and carbon fiber integration. It has a unmatched drivability, versatility and consumes less fuel and is kind to the environment and your pocket. RIB technology makes the 800 great fun to drive and remarkably easy to handle, whatever the weather and at any speed. The Agapi 800 is the benchmark for the modern boater.

Ease of strage and trailing. Keep your boat on a trailer and reduce or even eliminate the need for expensive storage, marinas or environmentally unfriendly toxic paint. Trail as far as your imagination takes you and hit the water whenever you like. Handle a large family boat as easily as taking a water jet in and out of the waters. An Agapi 800 can be transported behind a "normal" family car. This unveils possibilities you didn't demand before but will love once experienced.

High-quality Swedish design. The Agapi 800 is the market's most complete and versatile boat. Stylish, smart and contemporary Swedish design secure any need for comfort for day cruising or weekend trips. Innovative construction resulting in unmatched versatility, exceptional performance and low operational and maintenance costs.

0-20 knots: 5,16 sec. (no planing threshold)

Ownership solutions

100% Ownership
Traditional way of owning a boat.

Agapi Shared Ownership
Interest in joint ownership is growing fast bringing the costs of owning a boat down. Shared ownership is the perfect alternative for those wanting a solution in between 100% ownership and Agapi Club. Share an Agapi boat with friends or make new ones through Agapi's network. Whatever you choose, Agapi shared ownership makes it easy for you.

Agapi Club
Having a membership in Agapi Club gives great access to an Agapi boat at a fixed price. For those longing for a hassle-free boating life and taking mostly day trips or occasional weekend tours, this is a perfect option, not least economically.
